Dear new School of Music undergraduate student:

Welcome to the School of Music! I will be your music academic advisor, assisting you with enrolling as a student for your first semester, with beginning your university study, and with questions that you might have about life as an undergraduate music, music and technology, or BXA major at Carnegie Mellon University.

ENROLLMENT

To be enrolled at Carnegie Mellon University, you must be registered and financially cleared.

Registration: Information on registration is available now on the Inside Music website (see below) and more details about registration will be emailed later in June. For the coming semester, I will register you in July and during Orientation week for all of your required courses. (For subsequent semesters, you will register online for all of your courses.) If you have any questions about your registration, please contact me.

Financial Clearance: Undergraduate bills will be mailed in July. You must submit full payment for applicable tuition and fees by August 18. If you have any questions about your bill, please call (412-268-8186) or e-mail (thehub@andrew.cmu.edu) The Hub.

A summary of information for incoming undergraduate students can be found on the following website: http://www.studentaffairs.cmu.edu/first-year/orientation/index.html. You should also have received a Welcome email message from the University Registrar’s Office.

THINGS TO DO NOW

- Begin checking your CMU email account for messages.
  (During the summer, messages will be sent initially to your personal email address only, then to your personal and CMU email addresses, and finally to your CMU email address only.)
- You should have received instructions from the Office of Admission on how to retrieve your Andrew userID and set your password. Please email it-help@cmu.edu with any questions.

  Your Andrew email account is your source for official and important Carnegie Mellon communications.
  Please check it frequently before you arrive on campus and during your academic career.
  If you choose to use an alternate email address (i.e., Hotmail, Gmail, etc.),
  then you should forward your Andrew email to your preferred email address to ensure that you receive all official university communications.
  In the School of Music, announcements and correspondence from offices and from faculty are frequently sent via email.
  It is your responsibility to read the information that is emailed to you.

- Explore the School of Music Inside Music website http://www.music.cmu.edu/pages/insidemusic
  On this website, you can view calendars, information for current students, information regarding academic and performance requirements, and registration and the class schedule. I especially recommend reading the Enrollment FAQ applicable to you and other information under New Students. (Note that this website is in the process of being updated for the coming school year, including the Calendars and the Performance Information sections.)

- Explore the Carnegie Mellon Student Information Online (SIO) website https://s3.as.cmu.edu/sio/
  On this website, you can view your grades and QPA or request verifications; view your current schedule or plan a new schedule; view invoices; make payments and review financial aid; register, add or drop your courses; and see other university resources for students.
